Inochio Holdings Inc.

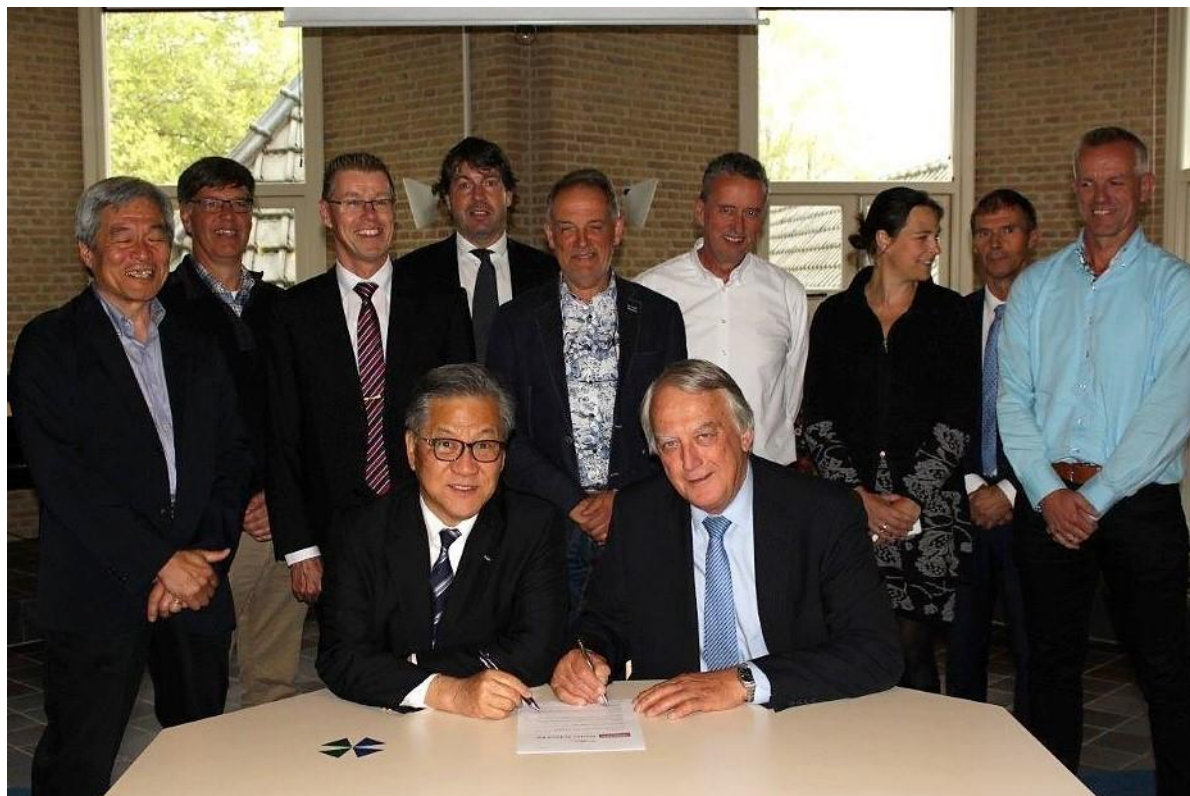

Floritec becomes part of Inochio Group

Inochio Holdings and Floritec announce that they have reached a final agreement on the full acquisition of Floritec.

We consider this acquisition as an added value for both companies and for our customers. Thanks to this joining of forces, Inochio Group and Floritec will together be optimally able to respond to the market demand for new varieties.

Floritec is a breeder and propagator of mainly Chrysanthemum and Celosia for the Dutch and international market. Well - known Chrysanthemum varieties include the Rossi, Calimero and Da Vinci series
